Introduction to Medicaid Transformation: Part 1 – Overview

County Playbook: NC Medicaid Managed Care

What is Medicaid Transformation?

Medicaid Transformation is changing the way most people receive Medicaid services. In 2015, the NC General Assembly enacted Session Law 2015-245, which directed the Department of Health and Human Services (DHHS) to transition Medicaid and NC Health Choice from fee-for-service to Managed Care.

Under the fee-for-service model, DHHS reimbursed physicians and health care providers based on services provided or procedures ordered. This model will now be known as **NC Medicaid Direct**. **Some people will stay in NC Medicaid Direct.**

Under Managed Care, the State is contracting with insurance companies, called Prepaid Health Plans or PHPs. These PHPs will be paid a capitated rate, which is a pre-determined set rate per person to provide health care services. This model is known as **NC Medicaid Managed Care**. Approximately 1.6 million of the current 2.3 million Medicaid beneficiaries will transition to NC Medicaid Managed Care.

In addition, DHHS is contracting with the Cherokee Indian Hospital Authority (CIHA) to support the Eastern Band of Cherokee Indians (EBCI) in addressing the health needs of American Indian/Alaskan Native Medicaid beneficiaries. This new delivery system, the **EBCI Tribal Option**, will manage the health care for North Carolina's approximate 4,000 Tribal Medicaid beneficiaries primarily in Cherokee, Graham, Haywood, Jackson, and Swain counties.

CHANGES FOR MEDICAID BENEFICIARIES

NC Medicaid Managed Care will bring changes for most Medicaid beneficiaries.

- Medicaid services will be administered and reimbursed by health plans.
- Beneficiaries will be able to choose a health plan and primary care provider (PCP). A new support system will be available to help beneficiaries make a choice.

- Medicaid services will not change, but health plans (including the EBCI Tribal Option) may offer enhanced services to plan members.
- Medicaid eligibility rules and processes **will not** change because of Medicaid Transformation.

Local Departments of Social Services (DSS) will have materials to share with beneficiaries about the changes. Current beneficiaries will receive information by mail that outlines actions to be taken, when to take those actions, and who they can contact for assistance.

KEY TERMS YOU SHOULD KNOW

ELIGIBILITY refers to whether a person qualifies for Medicaid or NC Health Choice.

ENROLLMENT is the process of joining a health plan that is responsible for that person's Medicaid health coverage.

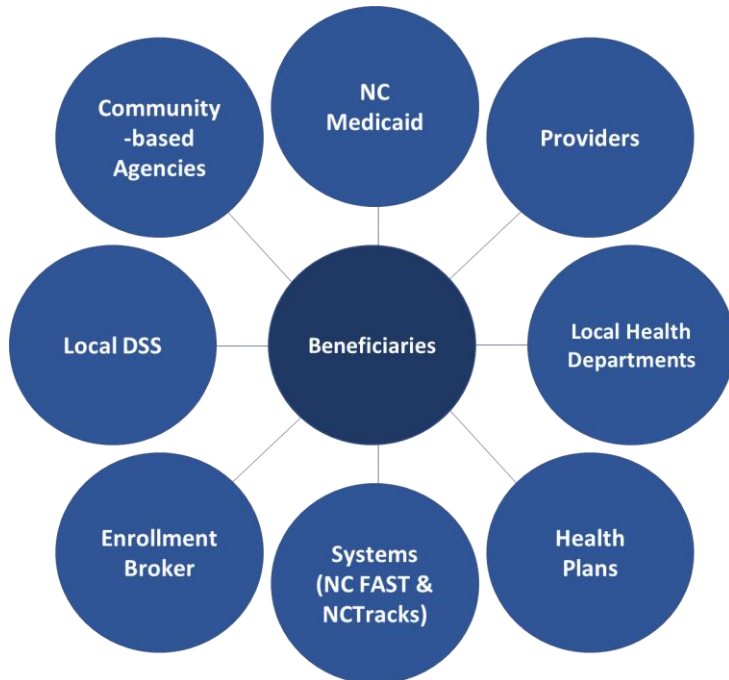

BENEFICIARY refers to a person who is eligible for Medicaid or NC Health Choice. Once a beneficiary enrolls in a health plan, he or she becomes a **MEMBER** of that health plan.

Within NC Medicaid Managed Care, there are **STANDARD PLANS** (members will benefit from integrated physical and behavioral health services) and **TAILORED PLANS** (specialized plans that offer integrated services for members with significant behavioral health needs and intellectual/developmental disabilities). Tailored Plans are expected to launch July 1, 2022.

EBCI TRIBAL OPTION is the health plan that will be available to federally recognized tribal members and others eligible services through Indian Health Service (IHS).

NC Medicaid determines the populations in Managed Care who will enroll in a health plan.

WHAT DOES MEDICAID TRANSFORMATION MEAN FOR YOU?

The local DSS will be impacted by Medicaid Transformation. As with beneficiaries, many things will stay the same, but some things will change. This playbook is one tool to help you understand what is changing. NC Medicaid will continue to provide training for each local DSS to help you stay informed and learn how to help beneficiaries.

DSS Directors should be aware of timelines associated with Medicaid Transformation and ensure that related information and communications (like these Fact Sheets) are shared with county partners and staff. All staff who interact with beneficiaries should be aware of Medicaid Transformation and the changes it brings. Directors can contribute to the success of this initiative by ensuring staff participate in upcoming Medicaid Transformation training, interact and collaborate with County Liaison Specialists from the Enrollment Broker and DSS Liaisons with the health plans, and champion this change. Be on the lookout for “**BUDGET CONSIDERATIONS**” in other Fact Sheets to help facilitate conversations about budgeting.

DSS Program Managers and Supervisors have a similar role. We encourage you to provide staff with opportunities to participate in training, discuss upcoming changes with your teams, and work to understand the role

of the Enrollment Broker and health plans. Share information and materials with your staff as it becomes available and participate in Medicaid Transformation training.

DSS Direct Line Staff should actively participate in training and be prepared to answer beneficiary questions related to Medicaid Transformation. You will not know all the answers – the best customer service you can provide is to direct beneficiaries and members to the right place. A goal of NC Medicaid is to support you with the information you need.

Please make a point to update contact information at **every interaction** with beneficiaries! NC FAST will remain the system of record for beneficiary information. Keeping addresses up-to-date is very important.

Please see below for a summary of how the role of the local DSS will change.

More information on key dates and milestones within Medicaid Transformation are provided in the **Introduction to Medicaid Transformation: Part 2 – Enrollment & Timelines Fact Sheet**.

PRIORITIES FOR DAY 1 OF MANAGED CARE

In the transition to an innovative Managed Care program, NCDHHS' priority for day 1 is that individuals get the care they need, and providers get paid.

- A member's prescription will be filled by the pharmacist.
- Members know their chosen or assigned health plan.
- Members have timely access to information and are directed to the right resource.
- Health plans have sufficient networks to ensure member choice.
- A provider enrolled in Medicaid prior to the launch of NC Medicaid Managed Care will still be enrolled.
- Calls made to call centers are answered promptly.

Fact Sheets will be updated periodically with new information. Created 12/7/2020.
